

# Exploring my learning style

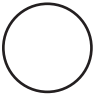

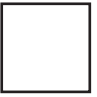

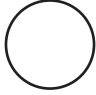

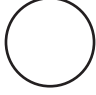

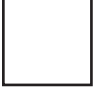

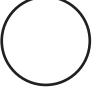

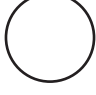

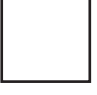

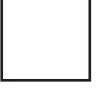

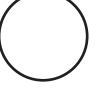

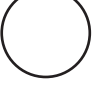

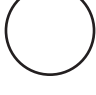

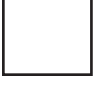

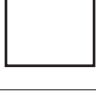

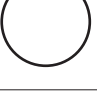

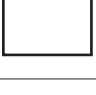

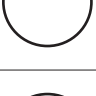

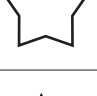

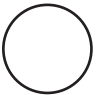

(after Honey and Mumford)

Complete this questionnaire – it will get you thinking about how you learn. You'll find out how your learning preferences inform your approach to learning, and how this in turn informs your discipleship. Follow the example and mark the answers in order of preference where 1= most like you and 4 = least like you.

When I learn I feel	1	3	4	2

# Exploring My Learning Style – Scoring Sheet

For each of the questions transfer the four numbers, in order, line by line below. Then add up the numbers in each particular shape and put the total in the 'totals box'. The shape with the lowest number beside it will be your preferred learning style. Remember that this is a preference in the same way that being right-handed is a preference, but it does not mean that you do not have another hand!
